Catherine Burnham Oct 21-44

Basic training completed at Hunter College in New York City, WAVE Catherine M. Burnham of Cotati has been advanced to seaman, second class, and assigned to control tower operators' school at Atlanta, Georgia.

News of her assignment, considered one of the most important fields for WAVES, was received today by recruiters at the navy recruiting station in Santa Rosa where Miss Burnham enlisted in July.

The Sonoma county WAVE is the daughter of Mr. and Mrs. Guy C. Burnham of Cotati and a graduate of the University of Colorado.

Although enlistments in the WAVES have been reduced to a quota basis, the Woman's Naval Reserve is still accepting applications from qualified young women of twenty to thirty- six years, according to Jack Balin, recruiter in charge at the Santa Rosa station.
